Occupational Therapists with interest in practicing in a multiple pediatric setting needed. Atlanta Pediatric Therapy, Inc, one of the largest privately held outpatient therapy practices in the Metro Atlanta Area (with over 35 employees), is looking for a full-time Occupational Therapist (licensed or in process of getting their license) to provide occupational therapy services in the following pediatric settings: outpatient clinic, early intervention, home therapy, and working with students in a public school district (non-IEP related).

The ideal therapist will have general occupational therapy experience (or has done fieldwork) in the some of the above settings plus will have the interests to work in a multiple setting environment.

Atlanta Pediatric Therapy, Inc, established in 2002, provides exceptional benefits and above average compensatory packages commensurate to the applicant’s experience.
