Nancy, we are looking for an Occupational Therapist – either full-time or permanent part-time. If you have an interest in an excellent work/life balance and in being in the challenging field of industrial rehabilitation, then check us out and contact me.

I am Peggy Freedman, Clinic Manager and Principal of The Freedman Group. I can use some help.

The Freedman Group is a leading Georgia independent Occupational Therapy clinic, primarily focused on evaluating and treating patients with work related injuries. There is no corporate or managed care ownership here, so we operate without the pressures and demands of treatment quotas, and corporate return on investment issues. That means we can focus on quality assessments and therapy, rather than quantity and corporate contributions.

Frankly, we have more referrals than we can handle and need more staff. This may be an excellent opportunity for you, Nancy, if you are thinking of making a change. I guarantee you won’t get bored because every patient situation is different here. You will not be working routinely with the same injuries day after day.

**Our therapists are involved in:**

- Functional Capacity Evaluations – FCE’s - Evaluating someone’s ability to return to work
- Work Hardening/Work Conditioning - Preparing someone to return to work
- Impairment Ratings - Determining the extent of someone’s injury
- Performing Acute Orthopedic Treatments
- Home Assessments and Modification Recommendations
- Fit for Duty Evaluations and Post Offer / Pre-placement Screenings
- Job Site Analysis, Ergonomic Assessments & Work Station Modifications
- Patient & Employee Education & Training

If your strengths or experience are in another area, but you have a therapy background and an interest in industrial rehabilitation, I’ll train you. Your desire and attitude are what’s most important here.

Our location is great too. We are conveniently located in North Atlanta, near the Windy Hill/Galleria area, about 15 – 20 minutes from downtown, Sandy Springs, Buckhead, Vinings, Town Center and Spaghetti Junction.

There are no early morning appointments, no late hour therapy, and no weekend work. We provide a competitive salary and benefit package and can be flexible in scheduling your work hours, if you have a special situation.

So, Nancy, if you want to make a change, please contact me at Peggy@TheFreedmanGroup.com. You won’t be disappointed! I am looking forward to meeting you.

Peggy Freedman, OTR/L
Clinic Manager
